Ft Sam Houston TX 78234

Dear

Welcome to the 937th Training Group (937 TRG), home of the mighty 937th Warhawks. The 937 TRG was established 3 October 2011 at Joint Base San Antonio, Fort Sam Houston Texas as part of the Base Realignment and Closure program (BRAC). That initiative moved the 882 TRG from Sheppard AFB to San Antonio under the 37th Trained Wing forming the new 937 TRG.

Our mission at the 937 TRG is "To Train and Develop the World's Finest Medics". Our vision is "The Medical Training Standard of Excellence". We have four priorities: 1) Secure and develop medical training to the highest standards, 2) promote wingmen, leaders, and warriors build upon Air Force core values, 3) support the world's best medical training platform, 4) and safety always. We partner with the Medical Education and Training Campus (METC); the largest medical training platform in the world.

We have the pleasure of conducting our mission in the heart of beautiful and exciting San Antonio Texas, the 7th largest city in the United States. San Antonio's three largest industries are the military, medicine, and tourism. There is so much to see and do in this area, to include the historic Riverwalk, the missions, theme parks and natural caves.

Our goal is to make you and your family feel welcome, to get you settled into the area, and give you a great orientation to the 937 TRG, your squadron and work area. We need your help in continuing the "Medical Training Standard of Excellence". Again welcome to the mighty 937th Warhawk team.

Sincerely,

*Annata R. Sullivan*
