

Personnel & Resources:

We are a selectively manned, bilingual, special duty unit of U.S. military and civilians as well as partner nation instructors. Partner nation instructors both officers & enlisted, are a key component of our success. They hail from throughout the region: El Salvador, Colombia, and Brazil. Our facilities offer the latest training equipment technology with interactive Smart Boards to help improve learning capabilities. Additionally, our partner nation students can learn, interact and transition from classroom to hands-on and field training environments to apply their knowledge.

**Inter-American
Air Forces Academy
(IAAFA)**

**837th Training Squadron
(837 TRS)**

Mission:

Train and educate military forces to build and enable partner nation capacity that supports global security and stability

Vision:

Maintain training and education standards of excellence while building enduring relationships through academic and cultural engagement

**837 TRS
2431 Carswell Avenue
Lackland AFB, TX 78236-5609**

**DSN: 473-1944
Commercial: (210) 671-1944**

Curriculum:

837 TRS instructors provide training in 12 courses. All of our courseware and instruction is in Spanish. While the majority of the courses are taught in-residence at Lackland Air Force Base, our instructors' expertise has been utilized in Mobile Training Teams (MTT), Subject Matter Expert Exchanges and other opportunities to visit with our partners throughout the areas of responsibility of SOUTHCOM & NORTHCOM.

Training Management

- The 837 TRS is responsible for curriculum development of 31 courses taught in IAAFA
- Tailors U.S. Air Force training to IAAFA's mission
- Manages the Academy's faculty training and development.

International Professional Military Education Courses:

- Inter-American Squadron Officer School (ISOS)
- Inter-American Non-Commissioned Officer Academy (INCOA)

USAF Officers and NCOs have the option to attend ISOS and INCOA. PME credit is awarded.

Law & Military Operations Courses:

- Rules of Law and Disciplined Military Operations—it is taught at IAAFA by the Defense Institute of International Legal Studies.

International Logistics and Training Courses:

- International Logistics
- Materiel Management
- Basic Instructor Course (BIC)
- On-the-Job Training (OJT)

International Force Protection Courses:

- Ground Defense Leadership Course (GDLC)
- Special Reaction Team (SRT)

Intelligence & Cyber Operations Courses:

- Introductory Air Intelligence
- Information Technology
- Anti-Terrorism Level 1 & 2
