The 37TRW weekly rundown of events, news and need-to-know information

Nov. 15, 2021

### AROUND THE WARHAWK WING

### DLIELC

**DLIELC Holds Parade for Veteran's Day:** On Nov. 9, 66 DLIELC military and civilian staff and international military students (IMS) staged a drive-by/parade at the Grandview Residence of Westover Hills. Participating IMS and staff carried flags and signage honoring veterans. One of the honored guests was Retired Air Force Master Sgt. Bynum, a centenarian and one of the last surviving Tuskegee Airmen. The veterans shared stories of World War II, the Korean War, the Vietnam War, and the cooperation that was required for success. This event provided participating IMS with a sense of how the U.S. attempts to support and celebrate the great sacrifices of veterans in our society.

### **37 TRG**

**Staff Sgt Clarissa Scott selected as one of the 2022 Joint Base San Antonio Air Force Military Ambassadors:** Her efforts will help enhance ties with the local communities surrounding Joint Base San Antonio while also putting Air Force professionalism on display. SSgt Scott is a Military Training Leader assigned to the 344th Training Squadron. She is in charge of the Non-Aircrew Out-processing section, in the Military Training Flight (MTF). She mentors and assists 4,000 Airmen across four AFSC's annually with transitioning into the operational Air Force. After being selected as the 37 TRG MTL of the 2nd Quarter 2021, SSgt Scott sought out other opportunities to fulfill her passion in public speaking and helping Airmen. She conducted five DV briefs, emceed a Squadron Commander's call, and led the squadron's drill and exhibition team to a victory.

### **IAAFA**

**IAAFA Helicopter Crew Chief Course:** Partner nations continue receiving hands-on technical training in courses across the Inter-American Air Forces Academy. This week, the Helicopter

Crew Chief course students from the Colombian Navy and Panamanian Air Force received instruction on flight control familiarization from Javier Nagore, Tech. Sgt. Morales Hernandez and Brazilian Air Force Guest Instructor CMSgt Trautman. The students will use this lesson and conduct a Performance Check which involves the collective cyclic and elevator rigging on a trainer UH-1N Helicopter. 189 International Military Students now set their sights on graduating from the academy on Dec. 8.

## THE 37 TRW HISTORY OFFICE:

Nothing truly exciting happened with the visit save for the fact that the year following his visit in 1971, he was dismissed from office for his involvement with the opium trade using aircraft supplied by the CIA. He then ran a farm until the communist took over the south and he fled to California where he opened a grocery store.
