Dangers at the Beach

RIP CURRENTS ARE POWERUL CURRENTS OF WATER MOVING AWAY FROM SHORE. THEY CAN SWEEP EVEN THE STRONGET SWIMMER OUT TO SEA. WWW.RIPCURRENTS.NORA.COT If your visit to the shore includes swimming in the ocean, here are a few tips:

- Learn how to swim in the surf
- Swim at a lifeguarded beach if possible

-Keep alert for local weather conditions. Check to see if any warning signs or flags are posted

-Swim sober and always swim with others

-Have young children/inexperienced swimmers wear a Coast Guard-approved life jacket

Rip Currents

Rip currents are responsible for most of the deaths on beaches every year. Any beach with breaking waves may have rip currents.
