

MISSION

Provide military education and training to military personnel of the Americas and other eligible Partner Nations

VISION

Strengthen partnerships that advance shared interests and enable partner nations to act in support of aligned strategic objectives

IAAFA'S PRIORITIES

Strategic Alignment

Align IAAFA's structure and operations clearly under Chain of Command doctrine, strategy and objectives

Strategic Communication

Speak with one voice when interacting with higher headquarters, stakeholders and partners

Effective Structure

Align Group staff to meet squadron needs, improve lines of communication, match new priorities and provide growth opportunities

Formalize & Streamline Processes

Focus on the basics and optimize training to enhance mission success

Invest in Our People

Provide professional & technical training through increased funding, securing resources for our families, and allot time for individual development
