### KUDOS

**Q: This isn't necessarily a question but we received a kudos through Warhawk Solutions. It says: Col Wilson thank you for sharing the Virtual Senior Leader Mentorship Tabletop (O4-O6). Keep them coming!**

A: We appreciate the kudos as well as the questions that are submitted. We're working hard to provide as many professional development options as possible. In fact, our Training and Development Council, now known as Warhawk University, will soon be launching their training calendar so stay tuned to Freeform Friday as we will continue to announce opportunities as they come up.
